

## CITY OF LODI

## COUNCIL COMMUNICATION

AGENDA TITLE: Thurman Street Railroad Crossing Improvements (\$20,000)

MEETING DATE: June 7, 1995

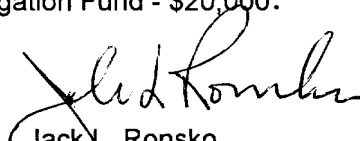

PREPARED BY: Public Works Director

**RECOMMENDED ACTION:** That the City Council appropriate \$20,000 from the Street Development Impact Mitigation Fund for the Thurman Street crossing at the Central California Traction Company (CCT) railroad tracks and authorize the Public Works Director to have the work done by the CCT.

**BACKGROUND INFORMATION:** As part of the construction of Thurman Street east of Beckman Road as previously authorized by the City Council, the existing CCT railroad crossing must be rebuilt. Since the crossing predates the street, this construction cost will be at the City's expense. City staff asked that CCT consider the use of a rubber crossing surface which should have a significantly longer life than the typical asphalt concrete crossing surface. CCT has responded with an offer (see attachment) to install the new crossing along with our street project.

This crossing, including the surface and new crossing protection gates, was included in the Street Development Impact Mitigation Program. According to the crossing agreement with the California Public Utilities Commission, gates are required to be installed within one year of operation of the crossing. Staff intends to ask the CCT for a price to do this installation also.

**FUNDING:** Street Development Impact Mitigation Fund - \$20,000.

  
Jack L. Ronsko  
Public Works Director

Mr. Richard Prima, Asst. City Engineer  
City of Lodi, City Hall  
P.O. Box 3006  
Lodi, CA 95241

Dear Mr. Prima:

Per your request, the cost for installing a rubber crossing at Thurman Street is as follows. If you agree, please advise and I will order the material. Rubber crossings of this type take at least 45 days from receipt of the order.

80' full depth rubber crossing @\$185.00 per foot	\$14,800.00
40 - 7x9x9 cross ties @\$45.00 each	<u>\$1,800.00</u>
	\$16,660.00
Tax	<u>1,286.50</u>
Total Cost	<b>\$17,886.50</b>

Yours truly,

  
H. J. Menking
